

There's No Genocide in Gaza. There Is One in Sudan — and the World Doesn't Care.

The Lie:

- The world responds equally to all mass atrocities.

The Truth:

- While the Islamist-led genocide unfolds in Sudan, the same “activists” who have been screaming “genocide” to delegitimize Israel have been silent about this real genocide taking place.

Background:

- Sudan is facing the **worst humanitarian disaster on earth**. The **Rapid Support Forces (RSF)** — Islamist terrorists — have massacred civilians, executed hospital patients, and burned entire villages across Darfur.
- According to the **Council on Foreign Relations (Oct 27, 2025)**, over **150,000 have been killed** and **14 million displaced** in Sudan since 2023.

Truth Explained:

- **Verified genocide, ignored by the world:** *Satellite imagery and eyewitnesses confirm mass executions, ethnic killings, and sexual violence by RSF forces in Darfur. “It was like a killing field,” said survivor Tajal-Rahman.* — [PBS NEWS, Oct 29 2025](#)
- **Real famine, no outrage:** *Despite famine threatening 25 million people in Sudan, the world remains largely indifferent — no protests, no rallies, no media focus. As human-rights advocate Nicolas Agostini wrote, “Despite being the deadliest ongoing conflict, no banners, no sit-ins, no attention.”* [Geneva Solutions, Feb 2025](#)
- **Meanwhile in Gaza:** *UN famine claims and “genocide” accusations against Israel have been **proven false**. “The so-called Gaza famine was based on biased samples and political manipulation,” said Prof. Danny Orbach.* — [BESA Center / Israel Law & Liberty Forum, Aug 2025](#)
- **Fake Gaza data dominates headlines:** *Hamas-controlled sources inflate death counts using unverifiable “media reports.” “Fatality numbers have lost any claim to validity,” said researcher Gabriel Epstein.* — [Washington Institute PolicyWatch 3851, Mar 26 2024](#)
- **Global silence reveals moral hypocrisy:** *Speaking about the atrocities in Sudan, NYC Mayor Eric Adams said, “Men, women, and children are being slaughtered, and the world is silent.”* — [X / Eric Adams, Oct 2025](#)

Takeaway:

- The true genocide happening today is in Sudan, committed by Islamist militias, ignored by activists, and overshadowed by Hamas propaganda about Israel and Gaza.
